The competition heats up.....

The Lincolnshire Urban League concludes this week, in the middle of a heatwave.

Lincolnshire Urban League.....

Last week saw rounds three and four take place at Sleaford and Bottesford. This week, events are at Brigg on Thursday and Skegness on Saturday.

Thanks go to Pete Harris who has planned all three HALO legs of the LUL, on Thursday he gets some help, with Luke Snell controlling.

After four events the league tables are starting to take shape. Only Jackie Edwards has completed all four and still leads the medium course. Andy Barker-Pilsworth from LOG is making a late charge, having won the last two events he's competed in. On the long course Wayne Byrne leads Brian Hostad, both having run three events. Liam Harrinton lurks in the wings though, with two wins from two runs, also for LOG. This week is the last chance to bag some more points. Goodluck HALO!

These signs didn't help me trying to find the event last Saturday. The house at the back seems to be looking as well.
