An opportunity to compete in two TrailO events. Both events are within 2km of the Humber Bridge – one to the North and one to the South!

For beginners, this weekend will be a great opportunity to discover the different challenge that Trail Orienteering (TrailO) provides - it will be a great test of your map reading skills! To find out more about TrailO and to prepare for the events, see the TrailO pages on the British Orienteering website:

With thanks to Humberside and Lincolnshire Orienteers (HALO) for the use of the areas.
